

Mining Engineer Cover Letter

4612 Jacobi Lodge South Victor, AZ 90089

Dear Rory Pacocha,

I submit this application to express my sincere interest in the mining engineer position.

In the previous role, I was responsible for or coordinate expert mine engineering support to existing mine sites, when requested by the operations or Technical Services.

My experience is an excellent fit for the list of requirements in this job:

- Coordinate all mine planning in a timely manner to optimise efficiencies in mining operations
- Optimise mine schedules for all pits, including recovery plan
- Develop forecasts for manning and equipment requirements and schedules for the mine
- Involved with the implementation of mine plans
- Ensure production, budgetary and safety targets are achieved
- Experience with mining project studies
- Have sound knowledge of safety systems and standards and high regard to safety, regulations and standards
- Valid K53 drivers license (Code B)

Thank you for taking your time to review my application.

Sincerely,

Charlie Konopelski
