

Mining Engineer Cover Letter

28601 Orn PinesEvelynnborough, TN 64860

Dear Shiloh Simonis,

I would like to submit my application for the mining engineer opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for mining engineering support to an existing team of geologists, mining engineers, geotechnical engineers and mine water management engineers.

Please consider my experience and qualifications for this position:

- An 18-month rotational opportunity across functions and disciplines at the Kensington operation
- The opportunity to work with both site and corporate leadership on projects including interaction with and sponsorship from the CEO
- Travel to the corporate office and another Coeur mine site for project work and leveraging best practices
- Competitive base salary, annual bonus, benefits, and relocation assistance
- Successful internship(s) at an operating mine, preferably an underground precious metals operation
- Relocation to Juneau, AK and work 4 days on, 3 days off in a camp setting
- Flexibility and willingness to take on new opportunities
- Planning – short range / mid-range / long range mine planning

Thank you for your time and consideration.

Sincerely,

Tatum Kirlin
