

Mobile Project Manager Cover Letter

321 Bruen KnollHicklebury, KY 94018

Dear Landry Farrell,

I am excited to be applying for the position of mobile project manager. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for oversight of development for a complex portfolio of new and existing mobile and mobile first platforms delivered to educators and learners at web scale.

Please consider my qualifications and experience:

- Delivered customer platform programs - preferably AEM or across other CMS platforms including SDL Tridion, Drupal, Interwoven
- Bachelor of Science in disciplines related to mobile app development and or computer science, or a Bachelor of Science in related field with experience in connected consumer product / app development
- Product development experience (End2End), preferably in consumer/consumable products with regulatory considerations
- Cross-functional team management experience in a matrix organization with multiple time zones and cultures
- Demonstrated experience with Agile project execution and process
- Managed multiple project streams
- Applied knowledge of ITIL and other IT best-practices
- Clear and effective written and verbal communication and strong interpersonal skills, and proven track record of presenting to and influencing stakeholders and senior management

Thank you for your time and consideration.

Sincerely,

Brooklyn Schumm
