

Modeling Analyst Cover Letter

606 Claude Mission East Josphfort, AZ 40389-6551

Dear Tatum Tremblay,

Please consider me for the modeling analyst opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for them with data in required structure for statistical analysis with a variety of tools (eg SAS).

My experience is an excellent fit for the list of requirements in this job:

- Experience of programming in Excel VBA would be advantageous
- Experience with network simulation and analysis tools highly desirable (OPNET, QualNET, NS3, NetSim, Comnet)
- Familiarity with network security (encryption, network protection, routing protocol selection)
- Knowledge of SAS/SPSS/KXEN/R or other statistical software
- Programming experience with designing/coding programs, preferably in R language
- Knowledge of data practices, analytics, marketing data and data quality
- Strong technical skills including fluency with R
- Excellent analytical and structured problem solving skills

Thank you for taking your time to review my application.

Sincerely,

Cameron Sporer
