

Music Instructor Cover Letter

151 Barry River East Dalefort, MA 75068

Dear Dallas Borer,

In response to your job posting for music instructor, I am including this letter and my resume for your review.

In my previous role, I was responsible for feedback to the curriculum development team to help them build new content and revise existing content including technical curriculum, lab exercises, presentations, and certifications.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience and knowledge in the early music /baroque field
- Master's in music
- Talented musician, passionate pedagogue, and easy with which to work
- Earned doctorate in Music Therapy or other closely related field (i.e., Expressive Art Therapies), or doctorate in Music, Music Education, with an emphasis in music therapy
- Suitable portfolio of research and creative activity with demonstrated commitment to teaching excellence
- Prior undergraduate teaching/supervision experience
- Advanced clinical competence/expertise in at least one area of music therapy
- Knowledge/experience in clinical uses of technology

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Gray Hartmann
