Dear Ryan Pfeffer,

I am excited to be applying for the position of NASA. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for engineering discipline expertise to assigned missions including: (1) Definition and management of requirements; (2) Hardware/Engineering support at meetings; (3) Console support for assigned projects/missions as required.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Demonstrated in-depth knowledge of IPC and/or NASA standards
- IPC-A-610 Certified Trainer
- J-STD-001 Certified Trainer
- IPC/WHMA-A-620 Certified Trainer
- NASA 8739 Level B Trainer (8739.1, 8739.2, 8739.3, 8739.4)
- Prepares reports, research, and other contract deliverables
- Participate/lead events/meetings involving staff/Government customers/visitors/VIPs
- Works under some supervision

Thank you for considering me to become a member of your team.

Sincerely,

Briar Upton
