.NET Technical Lead Cover Letter

13711 Kay RestBaileyburgh, AR 84017

Dear Lennox Fisher,

I am excited to be applying for the position of .NET technical lead. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for management of the IT Project Management, Mortgage Web Services Integration and Audit/Risk Management activities.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Sprint acceptance tracking and management
- Good Knowledge on Architecture Patterns (MVVM, MVC, SOA, OOAD)& Design Patterns, Re-factoring and unit testing, Code versioning and best practices
- Domain Wise – Solution design in areas such as insurance, banking, healthcare and retail services
- Knowledge of version control systems, web development experience
- In depth knowledge of .NET Framework 4+
- MVC 5 and Web API 2
- Knowledge of JavaScript, JQuery, and at least one additional frontend JavaScript framework
- Exceptional knowledge of SQL

Thank you for your time and consideration.

Sincerely,

Sam Renner
