.NET Technical Lead Cover Letter

4733 Schoen FallsEugenehaven, WI 97993

Dear Dallas Morar,

I would like to submit my application for the .NET technical lead opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for support for requirements, design, planning, and integration type activities within scope of the task order but with special skills for Web Technologies and development that the government is planning to implement.

Please consider my qualifications and experience:

- Assist in overall application architecture and solutioning
- Help Delivery/Project managers with estimates
- WBS creation from User stories
- Sprint planning and Day to day Sprint work assignment/assessment
- Drive Sprint meetings
- Provide high level and detailed design guidelines to development and testing teams
- Code review and ensure application code is developed as per the defined architecture standards
- Publish Code Metrics

Thank you for your time and consideration.

Sincerely,

River Little
