Dear Parker Smith,

I submit this application to express my sincere interest in the .NET web developer position.

In the previous role, I was responsible for expert consultation to improve on data availability, data collection, integrity, root cause analysis, reduce operational costs content and quality.

Please consider my qualifications and experience:

- Strong Knowledge of Web Application Development with client/server controls
- In-depth understanding of .NET Framework 4.0 or above
- Messaging experience will be valuable
- Experience of delivering rich, JavaScript based functionality on web applications
- Experience of Telereik control kit and KendoUI
- Solid understanding of Web Server architecture IIS6.0 and above
- Experience with automated releases using Team city and SDA preferred
- Flexible approach to working hours (out-of-hours support)

Thank you for considering me to become a member of your team.

Sincerely,

Dylan Bednar
