

Network Architect Cover Letter

110 Murazik StreetJohnstonmouth, CO 28970

Dear Parker Bernhard,

In response to your job posting for network architect, I am including this letter and my resume for your review.

In my previous role, I was responsible for occasional off hour support for severe priority 1 network incidents that may cripple network based services.

My experience is an excellent fit for the list of requirements in this job:

- Familiar with systems, applications, protocols related to network operations
- Basic administrative knowledge of servers and/or database and/or systems and/or network
- Is familiar with enterprise environments with the following building blocks
- Familiar with International ICT Standards
- CCNP or CCDP certification
- Experience with Network Design and implementation
- Experience working with Firewalls, preferably in the private sector
- Layer 2 extensions via OTV or VXLAN

Thank you for taking your time to review my application.

Sincerely,

Tatum Lockman
