

Network Security Administrator Cover Letter

546 O'Conner Shoals Chanaview, AZ 97777-6991

Dear Zion DuBuque,

Please consider me for the network security administrator opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for technical and staff support to network operations centers (NOC) and security operations centers (SOC) with monitoring the status, security and performance of computer networks.

Please consider my qualifications and experience:

- CCNP, Security+, RHCSA, MCITP, CISSP, or equivalent professional certifications strongly preferred
- Proficiency in the MS Office Suite and MS Exchange
- Windows and Linux/Unix OS
- Deep technical troubleshooting skills, including relevant subject area knowledge sufficient to break down problems into components and test methodically to find root causes
- Deep familiarity with Windows 7 and Windows 10
- Familiarity with VMware vSphere server virtualization and management methods
- Familiarity with mobile device technologies and security topics
- Manage the whole landscape of the IT Security infrastructure of the company

Thank you for considering me to become a member of your team.

Sincerely,

Landry Gislason
