

Node JS Developer Cover Letter

452 Shala DamJonesville, WA 56902-0540

Dear Phoenix Paucek,

In response to your job posting for node JS developer, I am including this letter and my resume for your review.

Previously, I was responsible for expertise and serve as Navy representative within the JS J7.

Please consider my experience and qualifications for this position:

- Strong MVC design experience
- Strong relational database knowledge including SQL
- Demonstrated thorough knowledge of development methodologies, standards and object oriented design patterns
- Demonstrated in-depth working experience in HTML5, JavaScript, JQuery, AJAX, XML, CSS and JSON
- Experienced in developing web services
- Experienced and skilled at interacting with Business users
- Experience working with and customizing Cloud collaboration tools
- User-centered design, with a deep pride in quality craftsmanship that delights users

Thank you for taking your time to review my application.

Sincerely,

Reese Beahan
