

NPI Project Manager Cover Letter

4444 White RapidBlickside, HI 07280

Dear Briar Davis,

I would like to submit my application for the NPI project manager opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for production support and continuously make efforts to improve the current manufacturing process for cost efficiency and cycle time reduction within manufacturing.

My experience is an excellent fit for the list of requirements in this job:

- Business system analytical experience within a highly dynamic corporate environment with strong IT, Finance & Operations organizations
- Execution of Tier 1 NPI & SaaS Ops projects, with knowledge of GTM Models, Idea to Offer and Quote to Cash processes
- Understanding of Supply Chain, Sku Management, and Product Launch processes for internal and external customers
- Prior experience in a software company
- Excellent written and verbal communication skills and detail orientation are imperatives
- Project Management and SDLC experience
- New product introduction & Lifecycle management experience is Essential
- Six Sigma Green Belt/Black Belt or LEAN manufacturing experience would be desirable

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Greer Bauch
