

Office Architect Cover Letter

7093 Fisher WellsClydeside, IN 40218-1335

Dear Briar Schmeler,

Please consider me for the office architect opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for overall Office 365 security expertise including strong knowledge of Azure Active Directory, Azure Information Protection, Information Rights Management, single sign-on and multi-factor authentication and related technologies (including Microsoft Enterprise Mobility + Security, SSPR).

My experience is an excellent fit for the list of requirements in this job:

- Architecting solutions using the following technologies
- Excellent understanding of video platforms and the associated back office systems
- Strong, hands-on experience with HTTP, HTTP/2, RESTful and SOAP APIs, XML and JSON formats
- Strong, hands-on experience with Linux and Windows based servers
- Experience with TCP and DNS
- Experience with HTTP servers, proxies and CDNs
- Knowledge of best practices for the software development life cycle, including Agile development, testing, integration and operations
- Basic skills to write scripts in at least one scripting language

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Sawyer Gerlach
