

Office Architect Cover Letter

3320 Pacocha Way
Lake Tiesha, KS 19395-4736

Dear Riley Roob,

I am excited to be applying for the position of office architect. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for expertise and business unit leadership for all aspects of LAN/WAN design including but not limited to local area networks (switches, routers, peripherals), Windows Active Directory design, stand up, and management, global WAN inter connectivity (Cisco iWAN, MPLS, etc.), local servers and storage, "cloud first" initiatives (Microsoft Azure, remote data centers, Azure Active Directory, etc.), and global communications (email, PBX, etc.).

My experience is an excellent fit for the list of requirements in this job:

- Basic understanding of video delivery technologies (RTSP, ABR streaming, HLS, HSS, DASH)
- Basic understanding of video protection systems (CAS, DRM)
- Familiarity with IT systems (OSS & BSS)
- Is self-disciplined and enforces discipline within his/her teams in terms of processes and work ethics
- Designing effective programs for deploying and using collaboration and document sharing type tools
- Act as an Office 365 subject matter expert to provide recommendations and drive technology initiatives ongoing engineering and architectural guidance for the organization
- Understand the Microsoft ecosystem of Office 365 services, its inter-relationships and impact of those relationships on the existing and future environment
- Developed a reputation as a thoughtful, strategic thinker who drives action

Thank you for considering me to become a member of your team.
