

# Office Architect Cover Letter

533 Demetrius SpursMcKenzieside, DE 22908

**Dear Sam Witting,**

In response to your job posting for office architect, I am including this letter and my resume for your review.

In the previous role, I was responsible for subject matter expertise of Office 365 and Microsoft Azure with emphasis in security (Advanced Threat Protection (ATP) policies for Office 365, Azure AD Identity Protection, Conditional Access (CA), Azure Information Protection and Office365 Message Encryption), architectural design, migration management and support of large-scale implementations.

Please consider my qualifications and experience:

- Customer buying/deploying motivations, and building relationships across internal and external organizations
- Broad IT, IT Security experience, preferably in a large corporate environment
- Support and manage third party suppliers throughout the project lifecycle of requirements gathering, design, dev & test and deployment
- At least 5 project implementations that exploit the full capabilities (discover, design, implement and optimize) of Office 365 technologies
- Certifications in Microsoft infrastructure or cloud technologies
- Relentlessly drive to leverage architecture and Infrastructure Products across the company
- Native in French, fluent in English, fluent in Dutch is an advantage
- Native in Dutch, fluent in English, fluent in French is an advantage

**I really appreciate you taking the time to review my application for the position of office architect.**

Sincerely,

Rowan Schiller
