

# Operational Accounting Cover Letter

487 Cari GlenRobertsport, WA 95923-0046

**Dear Armani Aufderhar,**

I submit this application to express my sincere interest in the operational accounting position.

In my previous role, I was responsible for recommendation on internal control policies and Moody's Global Accounting Policies (MGAP) with respect to MA Revenue Accounting.

Please consider my experience and qualifications for this position:

- Previous experience working with enterprise wide applications strongly preferred Customer Care & Billing, Business Intelligence, Oracle/SAP, Hyperion Suite, Work Order Management System, and/or Powerplan
- Certified Public Accountant, Chartered Accountant or similar certification
- Experienced in JDE and Yardi business system is highly preferred
- Experience in cash handling techniques
- Strong knowledge of the Organization's financial and operational systems including but not limited to billing, revenue estimation, claims, general and administrative expenses, investments, taxes supporting source systems and general ledger including how these systems interact with each other during day to day operations and monthly reporting processes
- Bachelor's in Accounting or Business Administration or Finance with Accounting emphasis or work experience, Certified Public Accountant experience
- Experience with directing and leading a dynamic team of professionals comprised of many disciplines
- Perform monthly, quarterly and annual reconciliation of settlements activities such as the key balance sheet and profit & loss accounts

**Thank you for considering me to become a member of your team.**

Sincerely,
