

Operational Engineer Cover Letter

7673 Corliss MountainsPort Kayleigh, OR 33199-6691

Dear Landry Rath,

I would like to submit my application for the operational engineer opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for cable management for classified data networks and Protected Distribution Systems (PDS) to ensure they meet applicable security specifications (RED/BLACK Installation Guidelines in accordance with the NSTISSAM TEMPEST Memorandum).

My experience is an excellent fit for the list of requirements in this job:

- Master studies in mechanical or electrical engineering
- First work experience in a production facility
- Very good knowledge of process flows in production
- Experience/knowledge in Utilities
- Experience in contact to authorities (Local government) and official obligations
- Good Knowledge about utilities
- Knowledge of food hygiene is eligible
- Cooperativeness, eager to learn and good communication skills

Thank you for taking your time to review my application.

Sincerely,

Hayden Christiansen
