

Operational Engineer Cover Letter

7432 Wisozk ValleysNew Alonso, ME 00248

Dear Justice Johnson,

I am excited to be applying for the position of operational engineer. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for leadership in achieving the safe, reliable and efficient operation of SRP's transmission system, and balancing authority area.

My experience is an excellent fit for the list of requirements in this job:

- Reliable acting if pressed for time
- Certification in Networking or Telecommunications Systems, such as CCNP, 3RP (Alcatel-Lucent Routing Professional)
- Demonstrate knowledge of design and construction of microwave and fiber optical communication systems
- Knowledgeable in basic software development life cycles
- Proficient in Laboratory Information Management Systems (LIMS) systems, Chromatography Data Systems, Electronic Lab Notebooks (ELN), and/or Enterprise Document Management (EDM) systems
- Excellent written and spoken English and Finnish skills, other language skills are appreciated
- Knowledge of firewalls and filtering technologies access lists (Cisco, Palo Alto CheckPoint, NetScreen)
- Experience supporting TrackWise and SAP

Thank you for your time and consideration.

Sincerely,

Armani Stokes
