

Operations Planning Analyst Cover Letter

53553 Predovic CapeFraneckiberg, NJ 79352-7035

Dear Alexis Wyman,

I am excited to be applying for the position of operations planning analyst. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for leadership in the use of data analysis techniques and structured problem solving to support Seeds Operations.

Please consider my experience and qualifications for this position:

- Experience with 1 or more programming languages
- Experience with data analysis AND/OR quantitative modeling techniques preferred (e.g. statistical, optimization, simulation, spreadsheet) to answer business questions and to assess the added value of recommendations
- Knowledge of reporting and data visualization tools and techniques
- Skills in modeling, using database programs, mining large quantities of data for statistically valid information and formulating hypotheses
- Skills in innovation management
- Previous experience with labor collective agreements preferred
- Prior experience in FP&A, Financial Reporting or Decision Support finance preferred
- Prior experience in financial planning preferred

Thank you for considering me to become a member of your team.

Sincerely,

Ari Koss
