**Dear Lennon Roob,**

In response to your job posting for operations team leader, I am including this letter and my resume for your review.

In my previous role, I was responsible for knowledgeable and consultative coaching, mentoring, and feedback that is based on your own experiences and expert knowledge of the travel industry; to drive continuous improvement.

My experience is an excellent fit for the list of requirements in this job:

- Experience of managing High available web services (HA proxy, Keep alive D)
- Web technologies (Apache, NGINX, IIS)
- Practical experience in monitoring and tuning various applications/infrastructure to provide a highly available service
- Design, implementation & monitoring of scheduled tasks
- Knowledge of Microsoft Azure (highly beneficial)
- Experience working for a depositary/trustee
- Funds knowledge with reference to the UK rules and/or regulations
- Should have managed teams operating on Operational support, conduct process reviews, coordinate external visits from audit, compliance and trustees and coordinate business continuity plans

**Thank you for considering me to become a member of your team.**

Sincerely,

Armani Fisher
