

Oracle Cloud Cover Letter

422 Harland Track Kochshire, VA 08921

Dear Dallas Senger,

I submit this application to express my sincere interest in the oracle cloud position.

In the previous role, I was responsible for physical and logical database support as needed for all the applications as dictated by the design teams.

Please consider my experience and qualifications for this position:

- Written and verbal skills – capable of communicating with important customers with a professional and competent demeanor across varied communication channels
- Experience working with pre-production software is highly desirable
- Knowledge of Cloud architecture, Integration, and XML is highly desirable
- Experience with Arbortext Editor is highly desirable
- Experience authoring documentation in a content management system is highly desirable
- Demonstrated history of working in a virtual team spread across continents
- Strong inter-personnel communication skills to be able to make great business relationships with people from various LoBs
- An excellent team player who can work on complex projects with a group of other technical writers

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Alexis Stanton
