

# Oracle Cloud Cover Letter

120 Latanya LoafNew Frederick, AK 45084-4673

**Dear Parker Wilderman,**

I submit this application to express my sincere interest in the oracle cloud position.

In my previous role, I was responsible for technical leadership to the development, QA and support teams in preparing the design artifacts and implementation of solutions.

Please consider my experience and qualifications for this position:

- Quickly attain subject-matter expertise in areas of project responsibility
- Experience building or migrating SaaS applications and/or PaaS cloud services on any popular platform Amazon Web Services, Microsoft Azure, Salesforce.com
- Experience with Terraform, Hudson, Chef, Puppet, and/or scripting languages (Python, Perl, ) scripting application deployments into cloud platforms (i.e., or orchestration)
- Experience building or migrating SaaS applications and/or PaaS cloud services on any popular platform Amazon Web Services, Microsoft Azure, Force.com
- Experience with Terraform, Hudson, Chef, Puppet, and/or scripting languages (Python, Perl, ) scripting application deployments into cloud platforms
- Minimum 1 full life-cycle Cloud implementation
- Knowledge of cloud competitors including AWS and Azure
- Knowledge of Retail business systems

**Thank you for taking your time to review my application.**

Sincerely,

Spencer Sawayn
