

Oracle Marketing Cloud Cover Letter

745 Smitham PineEast Armandoberg, RI 17368-2413

Dear Max Hoeger,

In response to your job posting for oracle marketing cloud, I am including this letter and my resume for your review.

In my previous role, I was responsible for content updates and editorial suggestions to Web Design team, based on the evolving needs of the student competitions web sites.

Please consider my qualifications and experience:

- Highly proactive work style
- Comfortable working with production applications in multiple areas of the business pipeline and demonstrate consideration of the bigger picture when identifying solutions
- Comfortable working in an environment requiring 24x7 supports
- Strong experience with configuration management frameworks such as Puppet or Chef
- Strong experience with scripting languages such as Ruby, Python, Bash
- Hands-on experience with NoSQL systems (Hadoop, HBase, Riak, Cassandra, Redis)
- Experience in PaaS and IaaS product marketing preferred
- Awareness of the Database, Data Warehousing and Big Data services offerings in the market

I really appreciate you taking the time to review my application for the position of oracle marketing cloud.

Sincerely,

Royal Leuschke
