

Oracle PL-SQL Cover Letter

33805 Stroman CreekKingville, CA 72216-8387

Dear Hayden Gleason,

I am excited to be applying for the position of oracle PL-SQL. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for senior expertise for continuous improvement of the platform in a challenging environment : huge data volume, huge performance expectation, scalability and high availability/stability, both standard and custom business needs.

Please consider my experience and qualifications for this position:

- Experience on standard IDE like Visual Studio
- Experience and good understanding of Unit testing
- Experience on standard application servers like Biztalk
- Familiar with Agile development processes and principles
- Past experience within Financial Services Firms and/or supporting the Finance function (an asset)
- Focused on results and customer satisfaction
- Analytical abilities, structured approach and emphasis on quality
- Dynamic, independent and highly motivated by new challenges

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Sutton MacGyver
