

Patient Access Services Cover Letter

3700 Jodee LandKuhlmanstad, RI 77814

Dear Onyx Schuppe,

I submit this application to express my sincere interest in the patient access services position.

Previously, I was responsible for technical guidance and resources to staff on registration content, processes and procedures in place to ensure compliance.

Please consider my experience and qualifications for this position:

- Understanding of all major payers (with emphasis on Medicare parts B and D), settings of care, and standard coding systems as they relate to pharmaceutical reimbursement
- Knowledge and understanding of significant legislation impacting pharmaceutical reimbursement, with emphasis on Medicare parts B and D
- Dynamic communication skills (verbal and written) in dealing with trainees, associates, and internal/external customers
- Co-promotion experience preferred
- Knowledge of Part B and D biologics marketplace
- Demonstrated knowledge of the U.S. healthcare systems, including expertise in health care reimbursement policies related to the pharmaceutical industry, with application in a wide array of clinical settings and reimbursement strategies in all market segments
- Clear understanding of the implications of payer and reimbursement policy impact on prescriber and patient behaviors sales force activity
- Patient Registration, Insurance notification, certification, verification process experience preferred

Thank you for considering me to become a member of your team.

Sincerely,

Corey Farrell
