

# Patient Access Services Cover Letter

662 Arturo SpringsLake Traceyland, AR 43536-1618

**Dear Bellamy Lakin,**

In response to your job posting for patient access services, I am including this letter and my resume for your review.

In my previous role, I was responsible for support and oversight to registered dietitians in providing medical nutrition therapy in both the inpatient and outpatient settings.

Please consider my experience and qualifications for this position:

- Develop and disseminate regular reports on hub and copay performance to the business units to provide insight into program function and evaluate for improvements
- Collaborate with Medical and clinical trial sites to plan, develop, and implement the transition of clinical trial and Expanded Access Program (EAP) patients to patient support hubs for commercial coverage
- Understanding of compliance regulations and guidance governing copay and hub services
- Excellent understanding of market access needs across key segments
- Experience in providing education to the Sales Force on patient access services
- Experience in hub planning, vendor selection, program development and implementation, and operations monitoring
- Extensive knowledge of planning, developing, implementing, and evaluating copay assistance programs
- Knowledge of common computer information systems used for hospital patient accounting and personal computer systems

**Thank you in advance for reviewing my candidacy for this position.**

Sincerely,
