Penetration Tester Cover Letter

205 Bradtke CourtWest Marcella, FL 60334-0388

Dear Story Sporer,

Please consider me for the penetration tester opportunity. I am including my resume that lists my qualifications and experience.

In the previous role, I was responsible for subject matter expertise focusing on offensive security testing operations, working to test defensive mechanisms in an organization.

Please consider my qualifications and experience:

- Strong Understanding and Experience on HP Web inspect, Burp Suite Pro, Wireshark, Nessus, Nmap, Kali Linux, SQL Map, Metasploit,, Zap Proxy, Veracode, Aircrack, Nikto, Maltego
- GWAPT, GPEN, OSCP and/or OSCTP certifications
- Experience with assessment tools, such as scanners, administrative utilities, local proxies, debuggers, fuzzers
- CompTIA Net+, CompTIA A+, CompTIA Security+ or CPTC (Certified Penetration Testing Consultant), ECSA (EC-Council Certified Security Analyst), or GSEC Certification
- Knowledge of common network tools (e.g., ping, traceroute, nslookup, tcpdump/wireshark)
- Working knowledge of Cybersecurity frameworks such as OWASP
- CEH qualified
- Administrator level knowledge of Server Operating Systems specifically Unix and Windows

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Campbell Murazik
