

# Penetration Tester Cover Letter

136 Rocco CourtsEast Matthewview, IN 56566

**Dear Zion Hintz,**

Please consider me for the penetration tester opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for expert knowledge and experience to teams across Vodafone with an aim to improve security earlier in the development lifecycle.

Please consider my experience and qualifications for this position:

- Very good knowledge of IT security issues at a technical, organizational and procedural level
- Very good knowledge of the mechanisms of vulnerabilities in applications such as SQL Injection, Cross-Site Scripting and other posted on the OWASP Top 10 Vulnerabilities
- Skills in the use of vulnerabilities detected
- Good knowledge of issues related to the emergence of vulnerabilities and their prevention at the level of IT infrastructure
- Good knowledge of cryptography
- Risk assessment experience with computer systems and applications
- Best practice and architecture experience with computer systems and applications
- Understanding of risk assessment methodologies and assist with coordinating discussions with other teams

**I really appreciate you taking the time to review my application for the position of penetration tester.**

Sincerely,

Quinn Greenholt
