

Perl Developer Cover Letter

9227 Schneider CornersNorth Cristineshire, NJ 12677

Dear Haven Lueilwitz,

I am excited to be applying for the position of perl developer. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for input into the selection of client-side and server-side development frameworks and programming languages.

Please consider my qualifications and experience:

- Expert knowledge in Shell & BASH Scripting
- Expert Knowledge in Perl Scripting
- Intermediate know-how of Tomcat Web Server and APIs
- Detailed Orientation on task level
- Experience with Apache Thrift is a nice to have
- Prior experience with libevent, libev, gevent, RabbitMQ is a nice to have
- Knowledge of security basics (SSL/TLS, AES, PKI etc) is a nice to have
- Agile software tools JIRA

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Emery Kessler
