Perl Developer Cover Letter

33434 Hane ViewNorth Sylvestermouth, CO 65742

Dear Tyler Hintz,

I submit this application to express my sincere interest in the perl developer position.

In my previous role, I was responsible for assistance to test engineers and support personnel in solving technical issues of software installation and its operation.

Please consider my qualifications and experience:

- Experience with either SQL, MongoDB, Oracle
- Sound understanding of programming languages fundamentals and their application to highly scalable web-based systems
- Solid experience in Platform support role preferably within publishing or media industry
- Full Stack development and experience as full SLCD
- Demonstrated professional experience in software development using Java and at least one other language
- Experience with Apache/Tomcat or JBoss and web technologies such as SOAP/REST/JSON
- Experience integrating with Oracle and PostgreSQL databases
- Programming Developer w/Telecommunication experience (highly preferred Ethernet/IP, L2/L3 switching, Routers

Thank you for your time and consideration.

Sincerely,

Drew Rau
