Dear Onyx Grady,

Please consider me for the planning project manager opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for expertise to solve more complex system analysis reviews and exhibits leadership skills to provide oversight and direction for planning and developing the electric distribution system.

Please consider my qualifications and experience:

- Advanced knowledge of the philosophies, principals, practices and techniques of engineering or planning
- Experience working on NCDOT project development projects involving compliance with the National Environmental Policy Act (NEPA) and NC Environmental Policy Act (SEPA) projects
- Experience with aviation airfield engineering projects and services
- Agile-related certification
- Military planning and engineering experience
- Deep understanding of SCM (Supply Chain Management) business processes, with specific work experience in these business areas
- Experience implementing advanced supply chain planning solutions
- Knowledgeable in project management best practices

Thank you for your time and consideration.

Sincerely,

Campbell Lowe
