

Post Doctoral Research Associate Cover Letter

228 Wilkinson Mill Wittingport, RI 15742

Dear Denver Leannon,

I am excited to be applying for the position of post doctoral research associate. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for technical support on the design and implementation of large-scale databases of proteomics, metabolomics, genomics and other datasets in conjunction with R&D Information Systems and external partners.

My experience is an excellent fit for the list of requirements in this job:

- A basic understanding of comparative approaches
- An interest in the evolution and diversification of birds
- Expertise in immunohistochemistry and immunofluorescence
- Computer programming experience (Matlab preferred)
- Super-resolution optical microscopy expertise
- A PhD in ecology, environmental statistics, or a related field
- The Ph.D
- A PhD in ecology-evolutionary biology, botany, or a related field

I really appreciate you taking the time to review my application for the position of post doctoral research associate.

Sincerely,

Morgan Lakin
