

Post Doctoral Research Associate Cover Letter

245 Maggio PassWest Mi, PA 42227-9190

Dear Haven Miller,

I submit this application to express my sincere interest in the post doctoral research associate position.

In my previous role, I was responsible for oversight for Study Coordinator of clinical trial and assist in data collection and analysis.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Proficiency in next generation sequencing techniques, phylogenetic analyses, physiology experiments, and/or herbarium-based research experience are preferred
- PhD in plant pathology, agronomy, or closely related field
- Demonstrated interest in crop disease management research and education
- Familiarity with crops grown in the Northern Plains and associated production techniques
- An interest in infectious diseases and control of epidemics
- A PhD in Applied Mathematics, Computer Science, Computational Science or related discipline
- A PhD in ecology and evolution, microbiology, or a related field
- PhD in Civil Engineering or related field with research emphasis in water resources engineering

Thank you for considering me to become a member of your team.

Sincerely,

Indigo Keebler
