

Post Doctoral Research Associate Cover Letter

7822 Albert Estates Brianview, AK 86844

Dear Alexis Beahan,

I would like to submit my application for the post doctoral research associate opening. Please accept this letter and the attached resume.

Previously, I was responsible for data from nine different sites around the US with similar long-term profiles of observations and targeted nutrient additions.

Please consider my experience and qualifications for this position:

- A basic knowledge of virology and plant diseases
- In vitro transcription and in-vitro mutagenesis
- Development of novel inoculation protocols and disease assays
- Proficient in both quantitative and qualitative methods
- Successfully mentor students working on the project
- Creatively solve any emerging project issues towards fulfilling project goals
- Cover letter outlining specific potential research projects and collaborations
- A description of research experiences (2 pages max)

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Finley Schmidt
