

Post Doctoral Research Associate Cover Letter

345 Mertz Street South Allanstad, OR 88375-8057

Dear River Bogisich,

I am excited to be applying for the position of post doctoral research associate. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for decision support for sites at risk of WNS, where the true state of the system determines the optimal decision.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Work closely with and mentor student researchers
- Present results at conferences, workshops and other meetings, if needed
- Publish in peer-reviewed journals, if needed
- Organized and creative individual
- Enthusiastic work in collaborative group environment
- Conducting meta-analyses
- Experience in market research, consumer behavior, choice modeling, demand analysis, survey research
- Proficient in molecular biology skills such as vector and primer design and general DNA cloning, bacterial and yeast transformation, RNA production via in-vitro transcription, RT-PCR, and DNA purification

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Spencer Little
