

# Process Expert Cover Letter

8955 Fay Mountain South Rafael, KS 24241-5538

**Dear Corey Quigley,**

I submit this application to express my sincere interest in the process expert position.

In the previous role, I was responsible for expertise as the Global Regulatory Lead to Product Development Teams and regulatory single point-of-contact for products within Global Regulatory Affairs and outside.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Strong customer orientation communication and presentation skills
- Subject Matter Expert in P2P, Process Manager in P2P and SAP environment
- Good quality of response to customer needs and
- Graduate Engineer, preferably in Casting/Foundry Science, and/or Metallic material sciences
- Foundry Processes (especially Grey-Iron, Ductile iron & stainless steel)
- Casting supplier development & continuous improvement
- Common IT tools (SAP, MS Word, Excel, Power-Point, Access, Outlook, etc...)
- Strong people management and communication (verbal and written) skills

**Thank you for your time and consideration.**

Sincerely,

Spencer Breitenberg
