

# Production Technician Cover Letter

457 Kerluke Square North Domingachester, NC 39291

**Dear Justice Davis,**

In response to your job posting for production technician, I am including this letter and my resume for your review.

In my previous role, I was responsible for day to day support for operations manufacturing processes and quick solutions to production line machine issues.

Please consider my qualifications and experience:

- Offshore Operations on a Floating, Production Storage & Offloading installation
- Maximo maintenance management system
- Experience of major project commissioning
- Experience of major project operational readiness inclusive of maintenance build
- Experience with ISSOW
- Willing and able to work shift work including nights and weekends
- Extended walking and/or standing
- Knowledge of satellite communication equipment theory of operation and components

**Thank you in advance for reviewing my candidacy for this position.**

Sincerely,

Justice Zboncak
