

Production Technician Cover Letter

53963 Ankunding VilleLatoshafort, NE 41748

Dear Spencer Veum,

Please consider me for the production technician opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for support as needed to manufacturing operations to determine the root cause of EM and/or SIPs failures.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Identifies potential needs and enters them into Maximo
- Knowledge and understanding of instrumentation, rotating equipment, and piping systems
- Demonstrated self motivated attitude
- Performs all work in compliance with standard operating/maintenance procedures, utilizing current Life Critical Safety principles, Safe Start and safety requirements including safe work permits, energy control isolation, IDLs, confined space entry work, hot work, work plans, pre-job discussions, plant safety inspections, etc
- Experience troubleshooting, repairing and adjusting equipment and machinery
- Experience Working in the pulp or paper industry
- Working knowledge of machine mechanics
- Requires forklift license

Thank you for your time and consideration.

Sincerely,

Charlie Moen
