

Program Management Cover Letter

6475 Jerde SkywayNew Jericahaven, NE 61856

Dear Charlie Windler,

I submit this application to express my sincere interest in the program management position.

Previously, I was responsible for complex and technical or subject matter expertise and methodology challenges within own area as well as across several disciplines within the business unit or practice area(s), including local regulatory and legislative requirements as applicable.

My experience is an excellent fit for the list of requirements in this job:

- Prior experience working with outsourced partners and/or an understanding of offshoring structure is strongly preferred
- Prior experience working in India and/or a good understanding of the working culture in India is preferred
- Demonstrated experience in organizational development
- Experience working in a highly government-regulated environment (FDA, MHRA, EMEA, TGA)
- Fosters a productive team environment and encourages constructive interactions among team members in order to address difficult situations
- Resolve and negotiate conflicts or problems with tact, diplomacy and composure
- Prefer hands on experience working with ISVs and Internal SW Development processes including both Agile and Waterfall methodologies
- Leading and managing cross matrix

Thank you for your time and consideration.

Sincerely,

Reese Cole
