

# Project Accounting Cover Letter

14341 Kirlin PortNew Alisa, WV 53563-0568

**Dear Dakota Mitchell,**

I submit this application to express my sincere interest in the project accounting position.

In the previous role, I was responsible for leadership for the production systems engineers supporting vehicles produced in Moss Point, MS.

Please consider my experience and qualifications for this position:

- Estimate, plan and lead Oracle Financials implementation projects utilizing industry best practices and methodologies
- Identify, translate, and map client business requirements
- Support proposal efforts by using extensive Oracle implementation experience to recommend solutions and estimate potential efforts
- Assumes a key role in defining the scope of projects, understanding customer issues / problems, and conceiving customer deliverables
- Should have worked at least one end to end Implementation in Financial Module with Project Accounting module
- Well versed with AIM documentation templates and standards
- Proficient in writing Functional Design Documents
- Experience in writing Test cases and execution of test scenarios using testing tools

**Thank you for considering me to become a member of your team.**

Sincerely,

Shae Auer
