

Project Architect Cover Letter

568 Cherise RadialConsidinefort, AZ 98342

Dear Morgan Fritsch,

I would like to submit my application for the project architect opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for consistency and guidance within the building as a contact for all building related questions and concerns.

My experience is an excellent fit for the list of requirements in this job:

- Develop project specific implementation strategies and collaborate with project teams to insure BIM success by Standardize and document Revit workflows & best practices
- Client focused - establish and nurture client relationships
- Positively share knowledge and experiences – mentor junior and intermediate staff
- Bachelor of Architecture along with NCARB certification
- Experience with Educational projects in PA PlanCon, NJSDA and WV SBA preferred
- To lead the development and integration of design concepts with our clients' needs
- Lead development of schematic designs with responsibility for the preparation of presentation drawings, models and narratives
- Lead a multidiscipline team in design and design development on architectural projects

Thank you for considering me to become a member of your team.

Sincerely,

Shae Schamberger
