

Project Management Analyst Cover Letter

78804 McLaughlin DivideLittelberg, KY 18472

Dear Parker Hoeger,

I submit this application to express my sincere interest in the project management analyst position.

In the previous role, I was responsible for tactical and strategic clinical operations oversight and direction ensuring collaboration across multiple phase I project/programs to translate our science into reality through high quality clinical trial conduct.

Please consider my qualifications and experience:

- Experience in Earned Value Management System
- Wholesale and / or Treasury Management experience preferred
- Proficient in utilizing systems to gather data, organize/interpret, and report for various leadership teams
- Abilities to manage complexity and manage multiple priorities
- Possesses a working understanding of Lean, Six Sigma, and other improvement oriented concepts
- Proven organizing, analytical, problem solving skills
- Working knowledge of lasers, LADIR, LADAR and associated technologies (production, test, alternate laser sources)
- Working knowledge of laser, LADIR, LADAR operational employment concepts

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Indigo Medhurst
