

Public Health Analyst Cover Letter

21596 Gilda LightsMadgechester, ID 53333-6115

Dear Onyx Thompson,

I am excited to be applying for the position of public health analyst. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for analytic support to multi-disciplinary teams in order to accomplish public health research and program goals.

My experience is an excellent fit for the list of requirements in this job:

- Perform monthly internal audit of procurement card purchasing documentation, travel and reimbursements, for State, Research Corporation, and Foundation
- Strong academic record (above 3.5 GPA preferred)
- Prior experience managing moderately complex projects strongly preferred
- A record of funding and successful proposals
- Strong research methodology and proposal-writing skills
- Previous experience working in a healthcare environment supporting quantitative or qualitative analysis
- Knowledge of qualitative analysis tools such as Dedoose, Nvivo, or Atlas.ti or quantitative data analysis tools such as SAS, STATA, R, or SPSS is desirable
- Partner with internal and external audiences in the development of Flu on Call response materials

Thank you for taking your time to review my application.

Sincerely,

Riley Hills
