

Public Health Analyst Cover Letter

368 Antwan PathLake Maurice, MT 87294

Dear Shiloh Davis,

Please consider me for the public health analyst opportunity. I am including my resume that lists my qualifications and experience.

In the previous role, I was responsible for broad Public Health, science, or research knowledge and assist the team in translating requirements or inputs from stakeholders.

Please consider my experience and qualifications for this position:

- Demonstrated experience with healthcare quality measure development and outcomes evaluation
- Demonstrated experience with quantitative data analysis, program evaluation, policy analysis, proposal and report writing
- Research or clinical experience with the assessment, measurement, or treatment of mental disorders in children or adults
- Track record of research publications in peer-reviewed journals and/or technical reports for clients related to the assessment, measurement, or treatment of mental disorders in children or adults
- Demonstrated skills in data management, data collection, project management
- Demonstrated stakeholder engagement preferred
- Experience with CDC and security clearance with CDC preferred
- Requires a high level understanding of OOP concepts and multi-tier applications design

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Campbell Fadel
