

Public Health Analyst Cover Letter

400 Samara PortsNorth Ruben, MI 20497

Dear Oakley Lowe,

I am excited to be applying for the position of public health analyst. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for subject matter technical assistance and training to public health partners in all aspects of project study and tools (e.g., protocols, forms, reporting).

My experience is an excellent fit for the list of requirements in this job:

- Strong academic record, including relevant quantitative or qualitative coursework (e.g., statistics, quantitative/qualitative methods, data analysis)
- Experience with behavioral health research (i.e., substance abuse and/or mental health research)
- Experience with primary data collection (e.g., interviews, focus groups)
- Experience writing and performance tuning complex SQL queries in high-volume databases
- Experience using XML to render web interfaces
- Experience with database design fundamentals
- PhD in public health, community psychology, psychology, public policy, sociology, statistics, or a related behavioral health field
- Demonstrated skills in data management, simple data analysis, data visualization

Thank you for considering me to become a member of your team.

Sincerely,

Shae Streich
