

QA Intern Cover Letter

20301 Gayle Orchard West Alene, CA 35965-1513

Dear Corey Bednar,

I am excited to be applying for the position of QA intern. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for implementation, development, testing and debugging support to the HRIS technical team, including supervised coding and reporting tasks.

My experience is an excellent fit for the list of requirements in this job:

- Understanding of C/C++ source code
- Knowledge of networking (hardware and software)
- Exposure to UI tools like Selenium, TestNG
- Innovative ideas/tools to enhance the current QA/Automation dashboard
- Ideas on improving the general product, and enhancing internal tools
- Excellent aptitude for programming/SW Development in high-level programming languages
- Currently enrolled or soon to graduate with a major in business and/or engineering curriculum
- Develop programming, debugging and test skills in C, C++, Java, JavaScript, HTML5, databases/SQL, modern web technologies including Webkit browser development iOS and Android apps

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Sam Wilderman
