

Quality Project Manager Cover Letter

26627 Izola TunnelElaborough, NM 64493-8062

Dear Dylan Hirthe,

Please consider me for the quality project manager opportunity. I am including my resume that lists my qualifications and experience.

In the previous role, I was responsible for expertise and guidance to program teams and suppliers on quality assurance, quality systems, tools, training, problem solving, statistical analysis and continuous improvement.

Please consider my qualifications and experience:

- Proven experience in strategic development and delivery of an effective knowledge service
- Proven experience in managing mechanisms for sharing insight among special interest groups
- Proven experience in successfully leading a number of large scale, complex and preferably international knowledge systems projects
- Relevant experience in innovation, industry, research and/or higher education
- Experience of working in a multicultural environment, preferably with a multidisciplinary approach
- Understand both Federal and State of Alaska air regulations
- Works with the Chicago Department of Aviation Program Management Team and other airport stakeholders to develop a project quality management system and suggests and recommends solutions to resolve observed quality issues and deficiencies
- Reviews project contracts to ensure Quality requirements will be implemented

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,
