

Quality Project Manager Cover Letter

9065 Frances TurnpikeRolandofort, AL 51625

Dear Lennon Farrell,

I submit this application to express my sincere interest in the quality project manager position.

Previously, I was responsible for thorough knowledge of quality assurance methods and improvement tools and support the continual strengthening of a Cree Quality Culture.

Please consider my experience and qualifications for this position:

- Project Management - Project Leader
- Facilitation Skills - PC Skills, Microsoft Office Products
- Customer insights experience
- Exhibits the skills to collaborate with and achieve actionable results
- Organized, attention to detail and quality of deliverables
- Consultants/ Vendors
- Create quality awareness among the Ecofit & Project execution team & Sub-contractors
- Engineering Graduate (Preferred Electrical) with min 15Ys experience in Project Quality primarily the site quality activities of electrical projects

I really appreciate you taking the time to review my application for the position of quality project manager.

Sincerely,

Dallas Kerluke
