

# Quantitative Developer Cover Letter

5502 Yolonda Haven West Keena, MS 82627-3290

**Dear Frankie Haley,**

I am excited to be applying for the position of quantitative developer. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for reactive support to the Accounts & Systems team at month end & planning cycles.

My experience is an excellent fit for the list of requirements in this job:

- Analytical academic background
- Knowledge of another programming language
- VBA and/or C++ programming
- Quantitative analysis and model implementation for business financial planning
- Experience using Python or Matlab
- Good understanding of Object Oriented & component based software development and Test-Driven Development
- Programming experience with Java & J2EE technologies
- Programming experience with JavaScript libraries

**Thank you in advance for taking the time to read my cover letter and to review my resume.**

Sincerely,

Oakley Hagenes
